

This has been an exciting last few months for the Next Gen committee of the ACO Port Hope Branch. I am proud to say that we hosted our inaugural event on January 22, 2020 at the Thirsty Goose; our "Social Mixer" attracted just over 20 people which we were quite pleased with. The event was especially exciting given that most attendees are not yet ACO members, which is exactly who we are aiming to target with our committee.

We're already planning our next event, and will update the membership soon. We're thrilled to see the interest in ACO involvement by "the next generation", we would love to see more ACO members at our events to encourage NextGen event attendees to get more involved with the organization.

Other than this, ACO NextGen members have been enjoying volunteering at the Summer Volunteer Appreciation Barbeque as well as being active members on the ACO Antique Auction committee. We're gaining momentum and are starting off 2020 strong!

Sincerely,

Derek Hurlburt

Chair
